Vanadium's vehicle, obviously not an official police sedan, was a blue 1961 Studebaker Lark Regal. A dumpy and inelegant car, it looked as though it had been designed specifically to complement the stocky detective's physique..Embarrassment flushed her when she realized that the paramedic had cut away the pants of her jogging suit. She was naked from the waist down..Barty had never been instructed in the rules of grammar, but had absorbed them as the roots of Edom's roses

absorbed nutrients. "Sure. Does and is." Draped across his midsection, the terrible cold weight had chilled his flesh; but now his bone marrow prickled with ice at the thought of the birthmarked detective sitting silently in the dark, watching. Junior would have preferred dealing with Naomi, dead and risen and seriously pissed, rather than with this dangerously patient man..They would have given him an antinausea medication. It most likely wasn't going to work quickly enough to save him..She slept for a while, waking to a prayer spoken softly but fervently in Spanish..When Agnes crunched the ice, the nurse said, "No, no. Don't swallow it all at once. Let it melt." "There's nothing here for you," she said, stepping back from the door in order to close it..Softened by a Shantung shade, the lamplight was golden on his small smooth face, but sapphire and emerald in his eyes..Edom had turned away from the box of groceries that he was packing. Frowning at the pies, he said, "You don't think. . .Angel followed him at two steps, and when she stood beside his chair, watching him open the soft drink, Barty said, "Why were you following me?" "Your mother's an artist. Besides, you wouldn't want to put poor Mrs. Orwall out of a job, would you?" WALLY HAD NOT gone home with Death, but they had definitely been at the dance together..Once he had toured the exhibition, managing not to shudder openly, he tried to hang out within hearing distance of Celestina White, but without appearing to be listening with special intensity..Shuddering with dread, he placed one hand against the door and slowly pushed it open..Hisscus, Nork, and Knacker exchanged sharp glances, nonplussed. Finally, one of them said, "We couldn't do that, Mr. Cain. Not until you've consulted an attorney." Swift and yellow, Angel flew to her mother, grabbing at one of the bunched drapes as if she might hide behind it..Stepping into her digs was like passing through a time machine into another century, traveling in space, as well, to the Europe of Louis XIV. The expansive, high-ceilinged rooms overwhelmed the eye with the rich somber colors and the heavy forms of Baroque art and furniture. Shells, acanthus leaves, volutes, garlands, and scrolls-often gilded decorated the museum-quality antique Bombay chests, chairs, tables, massive mirrors, cabinets, and etageres..On the morning in August that Agnes came home from Dr. Joshua Nunn's office with the results of tests and with a diagnosis of acute myeloblastic leukemia, she asked that everyone pack up and caravan, not to deliver pies, but to visit an amusement park. She wanted to ride the roller coaster, spin on the Tilt-A-Whirl, and mostly watch the children laugh. She intended to store up the memory of Barty's laughter as he had stored up the sight of her face in advance of the surgery to remove his eyes..Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers"-the girl had become the third member years ago" and all truths will be told and secrets known. ".In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case.."You think I can turn the King's order down? You want to see me sent to row with the slaves in the galley we're building? Use your head, boy!" He had considered tracking down Celestina-and the bastard boy--prior to her exhibition. The alumni office of her college might be one route to her. And further inquiries in the city's fine-arts community would no doubt eventually provide him with her address.."Shape-taking?" Judging by his great pleasure in learning, Barty didn't feel robbed of anything. To him, the world was an orange of infinite layers, which he peeled and savored with increasing delight..An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof..Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Orwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." Indeed, subconsciously, she had known that Nella was gone since receiving the call at 4:15 this morning. When the old woman had finished what she needed to say, the silence on the line had been eerily perfect, without one crackle of static or electronic murmur, unlike anything Celestina had ever heard on a telephone before..When finally he found his voice, it was rough-sawn with a blade of grief. "My wife. Perri. Perris Jean." "Cancer," she whispered, and superstitiously reproached herself for speaking the word aloud, as though thereby she'd given power to the malignancy and ensured its existence..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob., Concerned that Junior's crying jag would trigger spasms of the abdominal muscles and ultimately another attack of hemorrhagic vomiting, the nurse had with her a tranquilizer. She wanted him to use the apple juice to wash down the pill..The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess..As luck would have it, the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under. From the floor, Junior snatched up the bottle of wine that had twice failed to shatter. His lucky Merlot..Hackachaks to browbeat him into a despairing, exhausted, disgusted compliance with their greed..use it. The cop was no threat to the English army, as Joan had been, but as far as Junior was concerned, the creep most definitely deserved to be burned at the stake.."If he and Agnes were your age, I'd agree. But she's got ten years on you, and he's got twenty, and no previous generations were as wild as yours." This ended any hope of romance, and he was disappointed. A less self-controlled man might have seized a nearby bronze vase-fashioned to resemble dinosaur stool-and stuffed her into it or vice versa..Neither of them was aware that their personal drama, in all its clumsiness and glory, had focused the attention of everyone in the restaurant. The cheer that went up at Celestina's acceptance of his proposal caused her to start, knocking the ring from Wally's hand as he attempted to slip it on her finger. The ring bounced across the table, they both grabbed for it, Wally made the catch, and this time she was properly betrothed, to wild applause and laughter.."And to the north of us," Agnes said, drawing him out, "Janey Carter went off to college last year, and she's their only child." Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other..Uncle Jacob, cook and baby-sitter and connoisseur of watery death, cleaned off the table and washed the dishes while Barty patiently endured a rambling postbreakfast conversation with Pixie Lee and with Miss Velveeta Cheese, whose name wasn't an honorary tide earned by winning a beauty contest sponsored by Kraft Foods, as he had first thought, but who, according to Angel, was the "good" sister to the rotten lying cheese man in the television commercials..At last, as the sun slowly set, he arrived at the highest of the high redoubts, beyond which the branches were too young and too weak to support him farther. Against a sky red enough to delight the most sullen sailors, he rose and stood in a final crook of limbs, pressing his left hand against a balancing branch, right hand planted cockily on his hip, lord of his domain, having kicked off the trammels of darkness and fashioned from them a ladder.."Oil and natural-gas pipelines will fracture, explode. A sea of fire will wash cities, killing hundreds of thousands more." "You did just fine, Tom, just fine," Agnes said in a consoling tone that she might have used with a boy whose performance, at a piano recital, had been earnest but undistinguished. "We were all

quite impressed." His profession was cocktail piano, though he didn't have to earn a living at it. He had inherited a fine four-story house in a good neighborhood of San Francisco and also a sufficient income from a trust fund to meet his needs if he avoided extravagance. Nevertheless, he worked five evenings a week in an elegant lounge in one of the grand old hotels on Nob Hill, playing highly refined drinking songs for tourists, businessmen from out of town, affluent gay men who stubbornly continued to believe in romance in an age that valued flash over substance, and unmarried heterosexual couples who were working up a buzz to ensure that their rigorously planned adulteries would seem glamorous. Startled, the pianist turned to face him and backed off a step, as though his personal space had been too deeply invaded. "Oh, well, thank you, that's kind. I love my work, you know, it's so much fun it hardly qualifies as work at all. I've been playing the piano since I was six, and I was never one of those children who whined about having to take lessons. I simply couldn't get enough." One of the most unnerving aspects of life in southern California was that earthquake weather came in so many varieties. As many days as not, you got out of bed, checked the sky and the barometer, and realized with dismay that conditions were indicative of catastrophe. Six captain's chairs encircled the big round table, one for everybody, including Agnes, but only Paul and Barty stayed seated. Now, the hateful music unnerved him. He became convinced that if he went home alone, the phantom chanteuse—whether Victoria Bressler's vengeful ghost or something else—would croon to him once more. He wanted company and distraction, after all. The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill—and even then perhaps no eyes would alight upon him again except those of hungry rats. As though he were home to a species of termites that preferred the taste of men to that of wood, Vanadium felt a squirming in his marrow. Finally Angel dropped and slithered, vanishing under the overhanging bedclothes with a final flurry of yellow socks. Two high-quality deadbolt locks. Sufficient protection against the average intruder, but inadequate to keep out a self-improved man with channeled anger. The unmatched suite of bedroom furniture, cheap and scarred, might have been purchased at a thrift shop. A double bed and one nightstand. A small dresser. Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy. Turning in circles, he tipped his head back, presenting his face to the streaming sky, laughing. As the unwanted change pinged against the concrete at his feet, Junior—snap, snap—saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth. Her voice was flat and a little hard. Another man might have mistaken her tone for disapproval, for impatience, even for quiet anger. By nature, she was unable to hold fast to resentment, couldn't nurture a grudge, and was incapable of vengeance. She had forgiven even her father, who had put her through hell for so long, who had blighted the lives of her brothers, and who had killed her mother. Forgiving was not the same as condoning. Forgiving did not mean that you had to exonerate or forget. Think, think. A three-minute drive to the Lampion place. Maybe two minutes, running stop signs, cutting corners. For a moment, Junior drew a blank on Renee. Reluctantly, he trolled the past and fished up the painful memory: the gorgeous transvestite in the Chanel suit, heir or heiress to an industrial-valve fortune. "Crafty men" is what they called wizards in those days. "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty." In case someone was waiting in the hallway, he flushed the john for authenticity, though binding foods and paregoric still gave him the sturdy bowels of any brave knight in battle. By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon—and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning. He was glad that he'd taken the double dose of antiemetics. In spite of this provocation, his stomach felt as solid and secure as a bank vault. In addition to delivering a honey-raisin pear pie, Agnes had come to offer Obadiah Sepharad a year's work—not performing magic, but talking about it. Celestina's question had been about Phimie, but they had told her about the baby, and she was alarmed by their evasion. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister." In the Suburban with Wally and Grace, as they waited to hit the trail, Celestina said, "He took her to a movie again, Tuesday night." Leavening his tortured voice as best he could with shock and hurt, as though deeply wounded by the need to speak these words, Junior Cain said, "You ... you think I killed her, don't you? That's crazy." After undressing for the night, he sat on the edge of the bed for a while, rubbing the coin between the thumb and forefinger of his right hand, brooding about Thomas Vanadium. He tried rolling it across his knuckles; he dropped it repeatedly. The floor, on a silk-covered pillow filled with goose down. With a sigh he assumed the lotus position: spine straight, legs crossed, hands at rest with the palms up. Less cautious than the typical accountant, perhaps mellow in this season of peace, Prosser opened the door without hesitation. Like the chicken egg. As weary as she was, Agnes could not at once puzzle out the meaning of those four words. Then: "Oh. He's in an incubator." Evidently, the hero was accustomed to encounters of this nature. He rose, pulled out the unused fourth chair. "Please sit with us." "Where did it go?" Grace asked her granddaughter, making as much effort as she could to lighten the mood for the girl's sake. You struck a discord that can be heard, however faintly, all the way to the farthest end of the universe.... He was able to play peekaboo in his fifth month instead of his eighth, stand while holding on to something in his sixth instead of eighth. "Angel," Phimie said thickly, searching her sister's eyes for a sign of understanding. The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit.
