"We have been studying this problem for some time now, and we believe there is a solution. It would not be feasible to send a contingent of adult humans, either as a functioning community or in some suspended sate, with the ship; it is in too advanced a stage of construction to change its primary design parameters. But then, why send adult humans at all?" He. spread his arms appealingly. "After all, the objective is simply to establish an extension of our race where it would be safe from any calamity that might befall us here, and such a location would be found only at the end of the voyage. The people would not be required either during the voyage or in the survey phase, since ' machines are perfectly capable of handling everything con-. the crew, sitting in the dome with his helmet off. That was as far as Lang would permit anyone to go. Amanda was still very quiet when I took the lease in to her. I offered her myself and my runabout to move her luggage from the cabletrain station. She accepted, and while we collected the luggage, including a huge trunk that almost filled the car, I did my best to be kind and amusing. Finally, she started glowing again. I left her with the key, my telephone number, and a warning that, since the cabins on either side of her for some distance were empty, she should keep her doors locked.
