"I know exactly what you mean," Carson said. Driscoll nodded his mute assent also.. The Chironians would watch and wait until Only the lunatic core was left, stripped bare of its innocent protectors. Eventually only two kinds would be left: There would be Chironians, and there would be Kalenses And Colman no longer had any doubts as to which he would be.. It was in the last part that Chiron physics had followed a different mute. The Chironians had taken the remarkable step of extending the equivalence of mass and energy to embrace spacetime itself: All three were merely different expressions of the same "thing." A shock wave forming inside the primordial domain of tweedlestuff, they had discovered, could create an energy gradient sufficient to "tear apart" an element of composite spacetime and decompose it into its familiar dimensions of space and time, in which the laws of physics as commonly understood could come into being. Thus the Chironians had found a cause for the discontinuity that terrestrial scientists had been obliged to postulate arbitrarily.. Distance to Chiron 1.9 billion miles; speed down to 1100 miles per second. Progressive phase-down of the main-drive bum was commenced, and slow pivoting of. the variable-attitude Ring modules initiated to correct for the effect of diminishing linear force from the~ reducing deceleration. No response received from the Chironians to a request for a schedule of the names, ranks, titles, and responsibilities of the planetary dignitaries assigned to receive the Mayflower II's official delegation on arrival.. "Don't you ever give these guys a break?" Terry asked Sirocco.. witnesses.. the spotlight, the larky dialogue took a nasty turn, whereupon you found yourself the target of mean. Sirocco wrinkled his lip, showing a glimpse of his moustache. "You can't fool me, Steve. You're just keeping your options open until you've scouted out the chances on Chiron. Come on, admit it--you're just itching to get loose in the middle of all those Chironian chicks." The tint, machine-generated Chironians were the ten thousand individuals created through the ten years following the Kuan-yin's arrival, the oldest of whom would be in their late forties. According to the guidelines spelled out in the parental computers, this first

generation should have commenced a limited reproduction experiment upon reaching their twenties, and the same again with the second generation-to bring the planned population up to something like twelve thousand. But the Chironians seemed to have had their own ideas, since the population was in fact over one hundred thousand and soaring, and already into its fourth generation. The possible implications were intriguing..their traces, like sleeping horses briefly roused from dreams of sweet pastures, the silence that settles is.Chapter 23
